

We are excited that you are interested in Toastmasters. We invite you to learn more about Toastmasters and our club Commerce Communicators.

Toastmasters is a proven program that helps people learn how to speak comfortably in front of a group and lead with purpose. You will discover potential that you never knew you had and achieve more of your goals. Our club, [Commerce Communicators](#), enjoys a [membership of people from diverse backgrounds](#) seeking to become more confident speakers, competent communicators, and effective leaders. From young professionals to experienced managers, everyone that takes part experiences personal growth. We offer a friendly supportive group that helps each other reach goals and be successful.

Toastmasters is a self-paced experiential learning program. In addition to the first-hand speaking and leading experience you will get by being a Toastmaster, there are many training resources offered through the program.

To learn more about what Toastmasters has available, visit the [Toastmasters International](#) website. As of July 2024, the cost of membership is \$60.00 every six months.

Take the first step on your Toastmasters journey and visit us during one of our club meetings to see what we are all about. Commerce Communicators is open to everyone, with most members being employees and retirees of the Washington State Department of Commerce or other state agencies. We meet the first, third, and fifth (when applicable) Wednesdays of the month from 12pm to 1pm. Commerce Communicators is currently meeting online. For the Zoom link to one of our meetings, please visit our [Meeting Information/Direction](#) webpage.
